Everything in Small Cranes and Vacuum Lifters

Holder for Hydraulic Tile Lifter

Ensures that the slab lifter remains stable and does not rest directly on the sealing gasket, extending service life and protecting the equipment. Particularly suitable for models with soft foam rubber, where the sealing requires extra careful handling.

Specifications	
Item No.	3300
Total weight (kg)	5

- ✓ Compatible with all models
- ✓ Tool free installation
- ✓ Simple and efficient
- ✓ CE approved
